

REQUEST FOR TRANSPORTATION OUTSIDE THE COMMON MEDICAL MARKETING AREA

The information provided below will assist the Medicaid program in determining the need for transportation outside the common medical market, i.e., the area where the community generally receives its medical care. Transportation may be authorized for a Medicaid enrollee when the appropriate Medicaid-covered treatment is unavailable locally. While this completed form is required, completion of this form does not guarantee authorization of Medicaid-funded transportation outside the common medical marketing area. The Medicaid program will not authorize transportation outside the common medical marketing area when the enrollee has been non-compliant with local medical providers and is unable to receive service locally based on their own actions.

Patient Name: Keyshawn Wilson **Patient Medicaid Number:** QD74478C **Patient Date of Birth:** 09/03/2008

1.) Please indicate whether you are the referring physician: Yes No 2.) Is the medical service to which you are referring the enrollee available locally? Yes No

3.) If the services are available locally, please explain below why the services within the CMMA are inappropriate for this enrollee. *Please note, to avoid a delay in transportation for the patient your response requires detailed information. For example, continuity of care without specific reasons why that care must happen outside the CMMA will result in an immediate denial.*

Continuity of care required for successful treatment. Anticipated length of treatment: Long term - 6-12 months
